

Business Build 2008

May 3 - August 16

Waco Habitat relies on corporate support to fulfill its mission. Area businesses help in myriad ways: monetary contributions, discounted or free contract labor, and materials for house construction or for resale at the ReStore. The Business Build honors Waco Habitat's corporate donors with a tangible representation of their support --- a Habitat house in their name --- and the opportunity to help build it.

On May 3, the fourth annual Business Build will kick off at 1125 Holt Avenue in South Waco. Alcoa Fastening Systems will co-sponsor the build through a generous grant from the Alcoa Foundation. Alcoa staff will volunteer during the first three Saturdays through May 24. Weekdays and subsequent Saturdays will be reserved for other businesses that desire to participate.

Habitat homeowner partners, Felipe and Mayra Sanchez, will work with volunteers to build their home.

The 2007 Business Build resulted in this simple, decent, affordable home at 1801 Seneca in North Waco.

They've been working on their sweat equity since April, 2007, and look forward to providing a decent home for their two young children. The Sanchez family will purchase their home at cost through a zero-interest mortgage.

To donate to the Business Build, contact Emily Fau at emily@wacohabitat.org. Individuals and groups from participating businesses may volunteer by contacting Britt Duke at 756-7575 or volunteer@wacohabitat.org. 🏠

Cornerstone Club

Businesses and organizations that annually donate \$500 or more to Waco Habitat, including ReStore and other in-kind contributions, comprise Waco Habitat's Cornerstone Club. Members receive a plaque, Business Build donor recognition (name on signage, dedication ceremony program, newsletter and website), special recognition at the Harvest Dinner, and invitations to a donor reception. **Thank you 2007 Cornerstone Club members:**
